Input: 220V-240V 50/60Hz

— C0/180 — C30/210
— C60/240 — C90/270

Wiring

Accessories

No.	Pic	Qty.	Usage
1		4	Fix light
2		4	Rawl plug
3		4	Plastic washer
4		1	Vandal proof screw tool

Installation

Twist the diffuser anticlockwise. Vertically remove the diffuser.

Press the clip to release the PCBA vertically as shown.

- a. Cut off the power. Thread the input cable through the rubber plug to the fixture. Connect the wire referring to the wiring diagram.
- b. Knock the rawl plugs into the pre-drilled holes on ceiling /wall. Wear plastic washers on self-tapping screws and tighten them to fix the fixture on ceiling/wall.

Mount the diffuser onto the base with screws.
Resume the power.

Maintenance

1. Cut off the main power first.
2. Don't touch LEDs while maintaining or cleaning.
3. Don't use chemicals to clean the fixture.

Environmental protection: waste electrical products should not be disposed of with household waste. Please recycle where facilities exist. Check with your local authority or retailer for recycling advice.
